archunaramakrishnan@gmail.com · [linkedin.com/in/archuna-ramakrishnan](https://www.linkedin.com/in/archuna-ramakrishnan)

Results-driven Frontend Developer with 7 months of experience in HTML, CSS, and JavaScript (React.js). Dedicated to optimizing user experiences, ensuring cross-browser compatibility, and contributing to innovative web projects. Seeking a challenging role to apply and advance my skills in a collaborative environment.

EXPERIENCE

JUNE 2023 – PRESENT

JUNIOR FRONTEND DEVELOPER, EBRAIN TECHNOLOGIES

- Developed responsive and dynamic Event Management project using React.js.
- Implemented features such as product listing, filtering, and user authentication to enhance functionality.
- Utilized redux for efficient state management, ensuring scalability of the application.
- Collaborated with the team to ensure mobile responsiveness for a consistent user experience across devices.
- Contributed actively to API integration, establishing seamless connectivity for expanded project capabilities.
- Developed user-friendly interfaces for improved accessibility and engagement.
- Worked closely with UI/UX designers to implement design enhancements, contributing to a visually appealing and user-friendly interface.
- Actively engaged in debugging processes, identifying and resolving issues promptly to maintain the project's stability and reliability.
